- find and control ambient light, with simple creative techniques with hands-on instruction from the 3B pro-photographers
- quickly process your images in Lightroom to give them life

Whatever the weather, you'll leave with fresh, portfolio quality images, exciting and repeatable skills on how to shoot great portraits and a 3B Media worksheet pack so you don't forget what you've learnt!

Get 3B Media //

Leeds photographers Barnaby Aldrick, Phil Barber & Rob Booker joined forces to create 3B Media in 2009. Each with their own successful and established photography business, their aim was to pool their knowledge and skills to create stunning, cutting edge imagery in both photography & video.

3B Media Training has been created to inspire others by sharing their wealth of experience, artistic style, post-production techniques and business skills.

Starting in early 2010, their Inspiring Photography Workshops will provide hands-on small group training days tailored just for photographers who are keen to take their photography to the next level.
